DETAILED ACTION

1. Claims 1 and 3-14 are pending in the present application. Claims 2 and 15-19 have been cancelled.

Continued Examination Under 37 CFR 1.114

2. A request for continued examination under 37 CFR 1.114 was filed in this application after appeal to the Board of Patent Appeals and Interferences, but prior to a decision on the appeal. Since this application is eligible for continued examination under 37 CFR 1.114 and the fee set forth in 37 CFR 1.17(e) has been timely paid, the appeal has been withdrawn pursuant to 37 CFR 1.114 and prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on August 22, 2005 has been entered.

Drawings

3. The drawings were received on February 21, 2003. These drawings are acceptable.

Claim Rejections - 35 USC § 112

4. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Art Unit: 2168

5. Claims 8-14 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Regarding claim 8, the following limitation is vague and unclear: "wherein there is no table containing a reference to each object that is a member of a composite object" [note claim 8 lines 14-15]. The specification appears to teach use of a table (i.e. reference table); the limitation reciting that a table is not used is not clear [see: for example, specification page 28 line 11 through page 29 line 21; and Figures 5-6].

Regarding claim 9, the following limitation is vague: "without direct ODBMS user intervention" [note: claim 9 lines 8, 11 and 14]. The meaning or scope of the phrase is vague and/or not clear. Claims 10-14 are rejected based on dependency.

Allowable Subject Matter

6. Claims 1 and 3-7 are allowed.

Response to Arguments

7. Applicant's arguments with respect to claims 8-14 have been considered but are moot in view of the new ground(s) of rejection. Claims 1-7 are allowed.

Conclusion

8. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
